In the article entitled, “BGP-15 Improves Aspects of the Dystrophic pathology in *mdx* and *dko* Mice with Differing Efficacies in Heart and Skeletal Muscle” (Volume 186, pages 3246–3260 of the December 2016 issue of *The American Journal of Pathology*; <http://dx.doi.org/10.1016/j.ajpath.2016.08.008>), Figure 2, C and D, Figure 6, I–M, Supplemental Figure S3A, and Supplemental Figure S8, I–M contained errors regarding unintentional duplication of mislabeled blots. These duplications were brought to the attention of the Editorial office by a concerned reader, and the authors have provided the original blots from which the figures were intended to be generated. This error was found to be accidental and the corrected figure panels for Figure 2C (Figure 2D was correct in the original publication), Figure 6, I–M, Supplemental Figure S3A, and Supplemental Figure S8, I–M appear below. The original legends to the figures, and overall conclusions of the manuscript were not affected by these errors.
