CORRECTIONS

In the article entitled, “Effects of High Glucose–Induced Lysyl Oxidase Propeptide on Retinal Endothelial Cell Survival: Implications for Diabetic Retinopathy” (Volume 189, pages 1945–1952 of the October 2019 issue of *The American Journal of Pathology*; <https://doi.org/10.1016/j.ajpath.2019.06.004>), a typographical error was introduced during the typesetting process which resulted in the deletion of a letter originally provided in the source file from the authors.

The first line of the second paragraph of the Introduction is being corrected to read “LOX-PP is derived from a 50-kDa proenzyme (pro-LOX),...”

<https://doi.org/10.1016/j.ajpath.2019.09.003>

In the article entitled, “Silencing of *LAMC2* Reverses Epithelial-Mesenchymal Transition and Inhibits Angiogenesis in Cholangiocarcinoma via Inactivation of the Epidermal Growth Factor Receptor Signaling Pathway” (Volume 189, pages 1637–1653 of the August 2019 issue of *The American Journal of Pathology*; <https://doi.org/10.1016/j.ajpath.2019.03.012>), a correction is being issued to update the list of authors to include Kai Jiang, for contributions to sample procurement, financial support, and reading/proofreading of the manuscript. This addition has been approved by all other listed authors. The updated author list is as follows:

Yao-Fei Pei, Jie Liu, Jian Cheng, Kai Jiang, Wei-Ding Wu, and Xi-Qiang Liu

From the Department of Hepatopancreatobiliary Surgery and Minimally Invasive Surgery, Zhejiang Provincial People's Hospital, People's Hospital of Hangzhou Medical College, Hangzhou, People's Republic of China
